

Season's Greetings

The year, 2010 has come and gone. Join us as we welcome 2011 with relief from effects of the global economic meltdown. Although it would be premature to pronounce a complete restoration of the economy, predictions of Economists are promising.

BOMaid has maintained its integrity as the leader in private healthcare cover provision. The Society has sailed through the turbulence of the economic meltdown and come out stronger in its operations. This is proven by the continued growth in membership and the unfaltering commitment and fulfillment of promises to members and stakeholders.

On behalf of the Board of Management, Executive Management and staff, **BOMaid** Family wishes to thank you for the unwavering loyalty and support through the years.

BOMaid promises to continue to be 'the medical aid you can trust' as we usher in the new year (2011). To all our treasured members and stakeholders, we wish you and your families a wonderful festive season.

Merry Xmas and a Prosperous new year!

New Year's Developments - 2011

The 2011 Benefit booklet and subscriptions schedule are out. In pursuit of the desire to address needs of our membership, we are pleased to advise you of the following new developments:

i Maternity benefit

In order to reduce the burden of maternity cost to our members, we have improved the benefit. This is expected to minimize the level of liability by members using this benefit.

ii Optical benefit

We have restructured the benefit to ensure that you and your family get adequate eye care. Provided you utilize your optical benefit within the prescribed rules, you can enjoy full optical cover at no extra cost.

iii Funeral benefit

The funeral benefit has been improved across all schemes.

For further details, please refer to your benefit booklet for 2011.
